
Setting Positive Intentions
2025
ROBERT REEVES

The Importance of Setting Intentions

Welcome, my friend, to the brand-new energy of 2025! Each year brings wonderful new opportunities and possibilities for you to achieve your dreams.

The beginning of a new year is an excellent time for you to set positive intentions for the year ahead. This is different, and much more powerful, than making resolutions.

Resolutions rely on your own willpower, motivation, and strength, whereas intentions call on the support of your angels.

Your angels give you spiritual support, strength, and power to create miracles in your life. Work with your angels this year to manifest your goals and desires!

Setting your intentions also gives you (and the Universe) clarity and inspiration. Rather than just going through the motions of life, you will now live with purpose and direction.

So, I hope you will take a moment to set your own positive intentions for the year ahead and welcome new possibilities.

Angel blessings,

Robert
